

Established in 1971, Meneghello Group of Companies is a family owned business and the longest serving galvanizing company in Western Australia. The Meneghello group consists of Mgalv, hot dip galvanizers, Mbolts, custom bolt manufacturer and Msteel fabrication services.

Meneghello Group's mission to provide high-quality product and service to industry and is an essential link in the pipeline to some of the most significant mining, marine, infrastructure, commercial, industrial and residential projects in Western Australia. We have demonstrated that for many decades our standards are the highest in WA, with an emphasis on expertise, reliability, quality and safety.

Our vision is to grow our business by taking care to identify, then consistently meet the expectations, needs and requirements of our customers and other interested parties. We aim to achieve high levels of customer satisfaction through exceptional quality of products and customer service.

Quality is an integral part of Meneghello Groups principles. In support of our vision, the policy is to maintain a practical but comprehensive Integrated Business Management System (IBMS), that is integrated into every part of our operations, based on the International Quality Standard ISO 9001:2015. To guarantee the best quality of our service all galvanizing is completed to the Standard specification for Hot dip galvanizing AS/NZS 4680.

To maintain quality performance of all business units at the highest level, the following aims are pursued:

- Complying with statutory obligations, standards, specifications and codes of practice relevant to quality management
- To cultivate and maintain the commitment to continual improvement and communicate our goals and objectives to all employees and contractors
- The provision of all necessary resources and support to ensure the effective operation of the Company's IBMS
- The involvement of all staff and customer satisfaction in the continuous improvement of the Groups processes
- Regular monitoring and review of all company systems and processes to ensure ongoing compliance and continual improvement.
